

Startup Finance & Setup

Finance, tax and operating foundations for founders who want to start with structure.

THE PROBLEM WE SOLVE

New businesses often begin without a connected financial model, cash-flow framework, founder remuneration structure, accounting setup or reporting discipline.

When it is relevant

- You are setting up or have recently launched a new company.
- You need a budget, runway and cash-flow model.
- Founder remuneration and finance responsibilities are unclear.
- You want to be funding-ready without building a full finance team.

What we do

- Review the business model, entity and founder structure.
- Build budget, cash-flow, runway and financial model.
- Design accounting, tax, invoicing and finance workflows.
- Set up reporting and funding-readiness foundations.

What you receive

- Startup Finance Blueprint.
- Financial model and cash-flow / runway model.
- Tax and compliance map plus founder remuneration framework.
- Finance operations map, reporting template and implementation roadmap.

Not automatically included

- Legal incorporation documents or shareholders' agreements.
- Investor matchmaking or guarantee of funding.
- Marketing, product or technology strategy.
- Legal or regulated investment advice.
